Extension to the Village's Heroes Trail Completed

Homer Glen, (October 18, 2017)

Construction of the newest extension to the Village of Homer Glen's Heroes Trail system is now complete and open for use. Funded in part through a Congestion Mitigation and Air Quality Improvement Program grant, this extension links the exiting trail segment beginning at Pin Oak Drive in the Old Oak subdivision, through the ComEd easement to the Goodings Grove school playground. The trail extension also provides access to the Homer Town Square shopping center and the Village's Bell Road commercial corridor.
