Request for Proposals

For

Fiddymment Creek Sanitary Sewer – Cedar Road Extension

Section I: Project Background

The Village of Homer Glen (Village) is soliciting proposals for the design, preparation of bid documents and bid services and construction engineering for the construction of a sanitary sewer extension to the Village's Fiddymment Creek Sanitary Sewer.

All qualified firms interested in providing the services and work described in the RFP are invited to submit a proposal. To be considered, proposals must be submitted by **March 11, 2022** prior to **3:00 PM (Submission Deadline)** to the Village's Development Services Department. Refer to the RFP for submission requirements and submittal location.

Any questions related to the RFP or the project shall be submitted to the Village, in writing (via email), no later than 12:00 noon on March 2, 2022. Responses will be submitted to all firms, no later than 4:00 pm on Monday, March 7, 2022.

The Proposed Fiddymment Creek Sanitary Sewer – Cedar Road Extension will connect to the existing manhole, approximately 350-feet south of the centerline of Cinnamon Creek West Lane, along the west side of Cedar Road. The proposed sewer is planned to be extended south along Cedar Road, and east along 159th Street, to a point approximately 1,350-feet east of the centerline of Cedar Road. However, the final alignment shall be determined as part of the project, and shall be approved by the Village of Homer Glen. In addition, the project shall consider an alternate sewer stub and manhole, for future extension and service, at the northwest corner of 159th Street and Cedar Road.

Section II: Community Profile

Homer Glen, Illinois, is a home-rule community of 24,220 residents located in northeastern Will County, approximately 25 miles from downtown Chicago. The Village was incorporated on April 17, 2001 and is home to a unique blend of open space, residential developments and vibrant commercial corridors. Homer Glen is one of the largest municipalities by land-area in Will County, encompassing over 22 square miles, with the opportunity to grow to 25 square miles. The Village is governed by a Mayor and six (6) Trustees with a staff of local government professionals.

Homer Glen is home to many local and national businesses, many of which are

located on the east-west commercial corridors of 143rd Street and 159th Street and the north-south corridor of Bell Road. The State of Illinois has recently completed the widening of 159th Street and Will County plans to invest over \$100 million in roadway improvements to widen the 143rd Street and Bell Road commercial corridors to four lanes over the next decade.

The Village is unique in that it has taken the approach of contracting with public and private entities to provide many municipal services. Police services are provided through a contract with the Will County Sheriff's Department. The Village's recently created Public Works Department also provides various services to the Homer Township Road District, via an intergovernmental agreement. Fire and Emergency Services are provided by four existing Fire Protection Districts. And finally, the majority of water and sanitary sewer services are provided by a private company. However, the Village has recently completed the construction of a new sanitary sewer trunk line and watermain to serve portions of the 159th Street corridor, between Cedar Road and Gougar Road.

Section III: Scope of Required Services
