

# **Village of Homer Glen**

**14240 W. 151<sup>st</sup> Street  
Homer Glen, Illinois 60491**

**January 28, 2026**

**Board of Trustees  
Board Meeting**

**Village Board Room  
14240 W. 151<sup>st</sup> Street  
Homer Glen, IL 60491**

**A. CALL TO ORDER**

The meeting was called to order on January 28, 2026 by Mayor Neitzke-Troiike at 6:33 p.m. in the Village Board Room, 14240 W. 151<sup>st</sup> Street, Homer Glen.

**B. PLEDGE OF ALLEGIANCE TO THE FLAG****C. MOMENT OF SILENCE****D. ROLL CALL**

Present were Mayor Christina Neitzke-Troiike, Trustees Curtis Mason, Rose Reynders, Mike Lepore, Nick Muller, Bart Holzhauser and Robert Schaller. Also present on behalf of the Village were, Village Attorney Michael Pasquinelli, Village Engineer Brett Westcott, Planning & Zoning Director Christopher Gruba, Economic Development Director Janie Patch, Village Clerk Candice Bielski and Village Manager Joe Baber. *A quorum was established.*

**E. COMMUNITY REGOGNITION –**

1. Recognizing Will County Sheriff's Deputies Jesus Espinoza and Michael Ambrosini, who will be receiving the Community Guardian Award. The Village recognized Will County Sheriff's Deputies Jesse Espinoza and Michael Ambrosini with the Community Guardian Award for their actions on December 14, 2025. The deputies responded to a reckless driving call and identified the driver as an 82-year-old missing person with dementia from Chicago. Due to their swift response, the individual was safely reunited with his family. Deputy Espinoza accepted the award in person and expressed appreciation, emphasizing the importance of community members reporting concerns. Village officials thanked the deputies and reaffirmed their support for law enforcement.

**F. AMENDMENTS TO THE AGENDA – none****G. APPROVAL OF THE AGENDA**

Trustee Holzhauser motioned to approve the agenda, second by Trustee Reynders.

*The Mayor asked the clerk to call the roll, on approval:*

Ayes: (6) Trustees Mason, Schaller, Lepore, Reynders, Holzhauser, Muller

Nays: (0)

Abstained: (0)

Absent: (0)

Present: (0)

The Mayor did not vote.

*The motion carried.*

**H. APPROVAL OF MINUTES**

## 1. January 14, 2026 – Committee of the Whole Meeting

Trustee Muller motioned to approve, second by Trustee Mason.

*The Mayor asked the clerk to call the roll:*

Ayes: (6) Trustees Mason, Schaller, Lepore, Muller, Reynders, Holzhauser

Nays: (0)

Abstained: (0)

Absent: (0)

Present: (0)

The Mayor did not vote.

*The motion carried.*

## 2. January 28, 2026 – Village Board Meeting

Trustee Schaller motioned to approve, second by Trustee Mason.

*The Mayor asked the clerk to call the roll:*

Ayes: (6) Trustees Mason, Schaller, Lepore, Muller, Reynders, Holzhauser

Nays: (0)

Abstained: (0)

Absent: (0)

Present: (0)

The Mayor did not vote.

*The motion carried.*

**I. PUBLIC COMMENT -**

1. Heidi Pacella – stated she was following up on a conversation from two weeks ago regarding the Environment Committee. At that time, residents raised concerns about the lack of a board member serving as chair or co-chair, and there was discussion involving Trustee Schaller and the Village President about filling that role. She stated that several residents and herself are simply requesting an update on whether a decision had been made.

**J. REPORTS AND COMMUNICATIONS FROM MAYOR AND OTHER OFFICERS**

**Village Manager Baber** – stated that Illinois American Water has applied for a \$577 million rate increase. The village will share information on social media and the website about how residents can contact the Illinois Commerce Commission regarding the proposal. Appreciation was also expressed to the Public Works and Parks Departments for their excellent snow removal, noting that local roads were in better condition than neighboring communities. And a reminder to all residents to remove cars from the streets when the snow is over two inches.

**Trustees:**

**Trustee Holzhauser** – Thanked everyone for coming out tonight. Gave a shout out to two businesses that he recently attended the ribbon cuttings for: Agha Sweets and Family Wok. Highly recommends to check them out and shop local.

**Trustee Lepore** – Kudos to Public Works for all the weather-related road work.

**Trustee Mason** – Thanked Public Works for snow removal. Mentioned contacting the ICC opposing the IAW rate hike increase.

**Trustee Reynders** – addressed the presentation from the Lakota Group regarding the first phase of revisions to Heritage Park, which include the veteran’s memorial, splash pad, pavilion, and picnic areas, with a projected cost of \$3.9 million. She mentioned there are several misconceptions about this project that need to be clarified. Improvements to Heritage Park are not new. They have been part of the Parks Master Plan dating back to 2019, when TRIA Architecture worked alongside then-Village Manager Karie Friling to establish a long-term vision for the park. In 2024, based on continued resident input and that original vision—which already included expanded amenities—the Parks and Recreation Committee revised the master plan. During that process, it became clear these improvements would need to be completed in phases. The Parks Committee and Village worked very closely with our veterans to ensure their vision for the memorial was thoughtfully captured. Trustee Reynders also stated that “we listened carefully to residents about what they wanted to see in their community park. This first phase reflects years of planning, community engagement, and long-term goals. It is not a sudden or rushed proposal.” As chair of the Parks Committee, Trustee Reynders mentioned that she has listened to the concerns being shared, including those on social media. Community input is always welcome and encouraged; however, anonymous venting does not improve home equity or move our village forward. Constructive dialogue does. Intimidation and misinformation do not. “At the last Village Board meeting, Engineer Westcott stated—and I quote, “We clearly still have a lot of work to do to evaluate what we can afford and what we can scale back on. But until the bids come back with the cost to build, we cannot make that determination.” The \$3.9 million figure is not a final cost. It is a planning estimate that allows the village to be shovel-ready for bidding and grant opportunities. We are actively pursuing grants and private donations from corporations and foundations to help offset a portion of the projected expense.” Trustee Reynders mentioned that questions have also been raised about why Homer Glen does not have a separate park district. A park district is governed by a separate elected board and has the authority to levy taxes and special assessments. For the average home in Homer Glen, that could mean an additional \$500 to \$600 per year in property taxes. Larger homes could see increases of approximately \$1,200 to \$1,300 annually—before considering additional program and registration fees. With a population of roughly 24,000 residents, that would place a significant burden on our community.

Concerns have also been raised about water bills and why those funds are not being redirected. Water rates are regulated by the Illinois Commerce Commission, and only the state legislature has the authority to change the laws governing them. This board continues to explore every possible avenue for relief, but the ultimate control rests at the state level. Trustee Reynders stated “The Parks and Recreation Committee remains committed to providing high-quality amenities that enhance family life, strengthen community connections, and preserve the quality of life that makes Homer Glen such a great place to live. We welcome your questions. We encourage residents to attend our meetings. And we invite everyone to engage in open, respectful dialogue as we continue planning for the future of our parks.”

**Trustee Muller** – Thanked Public Works for an outstanding job of snow removal.

**Trustee Schaller** – Expressed the same sentiments as other trustees in the outstanding job that Public Works has been doing. Also mentioned that he is ready to take on the Environment Committee.

**Village Clerk** – Please refer to the Will County Clerk’s website for updates regarding vote-by-mail and drop box locations. Early voting begins February 1st at the Will County Clerk’s Office. February 5th is also the first day to vote by mail.

Early and grace period voting at Homer Township will take place March 2nd through March 6th from 9:00 a.m. to 3:00 p.m.; Saturday, March 7th from 9:00 a.m. until noon; and March 9th through March 13th from 9:00 a.m. to 3:00 p.m.

Now for some exciting news from our schools. Lockport Township High School’s dance team made history this past weekend by placing first at sectionals—the first time in school history. They will compete this Friday at Grossinger Arena, where the top ten teams will qualify for day two.

LTHS boys bowling finished second at sectionals this past Saturday and will compete this weekend at the IHSA State Finals in O’Fallon. The boys wrestling team won the Southwest Suburban Conference tournament and title this past Saturday and will begin regional competition this weekend.

Finally, the Homer Junior High cheer team competed in the Spartan Showdown this past Sunday and earned second place. State competition is just around the corner for them.

**Village Attorney** – announced that, in consultation with Village Manager Joe Baber, the Village will be posting a position for a legal intern. Under Illinois Supreme Court Rule 711, senior law students may engage in limited legal practice under the supervision of a qualified attorney, which I would be, provided the work is performed for a political subdivision of the State. The Village of Homer Glen qualifies under this provision.

The position will be posted at several Chicago-area law schools. This is an unpaid opportunity at no cost to the Village, designed to provide senior law students with practical experience and to support the development of future careers in government service.

**Public Safety Officials** – no report

**Mayor Neitzke-Troiike** – The Mayor addressed several topics:

#### **Committee of the Whole (COW) Meetings**

- The “COW” abbreviation stands for Committee of the Whole.
- These meetings are workshops—no votes are taken.
- Purpose: provide transparency and let residents know what’s coming up, including discussions about developers, projects, and community concerns.
- Meetings will be posted earlier so residents can attend or provide input.

### **Interactions with Developers**

- Trustees cannot meet with developers in groups larger than two voting members at a time.
- To avoid multiple smaller meetings, developers will come to the COW meetings so all board members hear the same information at the same time.

### **Public Communication and Social Media**

- Concern about misinformation and negativity on Facebook or other platforms.
- Some people (“fill-in-the-blanks”) may twist facts or fill gaps with assumptions, creating unnecessary drama.
- Emphasis on getting the facts out to the public directly and maintaining a positive, truthful community dialogue.

### **Sign-Ins**

- Residents should use real names on sign-in sheets.
- Past issues with inappropriate or fake names have caused confusion.
- Proper documentation is important for clarity and official records.

### **Environment Committee**

- Resident members of the Environment Committee experienced misinformation about how they could participate in meetings.
- They were told they could only attend public meetings to be heard, which was not accurate.
- Efforts are being made to clarify and correct this communication.

### **Committee Structure & Leadership**

- Committees do sometimes have trustees involved as chairs or ex-officio members, but this is not unusual.
- Examples provided:
  - Homer Fest chaired by Dan Waddick
  - Behavior Health Committee chaired by Village Manager Joe Baber
  - Ability Awareness Committee co-chaired (with trustee involvement)

The Mayor continued to emphasize the importance of direct conversation over social media debates and that party lines do not influence committee work or trustee decisions. The next steps: Trustee Schaller and the Mayor will meet with the Environment Committee to clarify misinformation.

- Meeting scheduled: Monday, February 2nd at 5:30 PM.

Community Development Committee is being managed by Clerk Bielski and staff member Amy Blank, who are doing a great job.

In closing, the Mayor requested that residents stop spreading misinformation on social media and engage constructively.

**K. CONSENT AGENDA**

1. Consider for Approval the Accounts Payable for the Period of January 17, 2026, through January 29, 2026, in the amount of \$642,944.19.
2. Consider for Approval the Treasurer's Report of Cash and Investments for the Period Ending September 30, 2025, in the amount of \$52,870,201.02.

Trustee Mason motioned to approve, Trustee Reynders second.

*The Mayor asked the Clerk to call the Roll:*

Ayes: (6) Trustees Mason, Schaller, Lepore, Muller, Reynders, Holzhauser

Nays: (0)

Abstained: (0)

Absent: (0)

Present: (0)

The Mayor did not vote.

*The motion carried.*

**L. LEGISLATION AND ACTION ITEMS**

1. Motion to approve an Ordinance Amending §83-68 of the Code of the Village of Homer Glen, Increasing the Number of Class A Liquor Licenses Issued within the Village of Homer Glen. It is understood that the number of Class A liquor licenses (Restaurant with Service Bar) will increase by one (1).

Trustee Mason motioned to approve, Trustee Muller second.

Discussion – none

*The Mayor asked the Clerk to call the Roll:*

Ayes: (5) Trustees Schaller, Muller, Mason, Holzhauser, Lepore

Nays: (0)

Abstained: (1) Trustee Reynders

Absent: (0)

The Mayor did not vote.

The motion carried.

2. Motion to approve the proposed 2026 Events Calendar.

Trustee Holzhauser motioned to approve, Trustee Reynders second.

Discussion - Trustee Holzhauser: Supported continuing successful events from last year; noted events are in the budget.

Trustee Schaller: Suggested planning an event for the 25th anniversary of 9/11 this year.

Dan Waddick: Confirmed that adding a 9/11 event is possible.

Mr. Waddick mentioned Ability Awareness Committee & Sensory-Friendly Events:

Past successes highlighted:

- Trunk or Treat: One-hour sensory-sensitive time prior to main event (no music, no flashing lights, smaller crowds).
- Holiday with Santa: 1.5-hour sensory-sensitive session in community room.

Plans to meet with Mrs. Adamczyk to incorporate sensory-sensitive times into future events.

The Mayor brought up the 25th Village Anniversary. Mr. Waddick stated currently in planning stages; no specific events yet.

Trustee Mason suggested possibly tying celebrations to July 4th or combining with Homer Fest; Mayor noted the anniversary is in April but there could be flexible celebrations.

Trustee Reynders mentioned the Parade this year will include recognition of the village's birthday with a themed acknowledgment.

Mayor confirmed awareness and ongoing planning for other community activities.

Action Items / Next Steps:

- Add 9/11 commemoration event.
- Continue planning 25th anniversary celebrations, potentially linking to existing events.
- Meet with Ability Awareness Committee to expand sensory-sensitive offerings.

*The Mayor asked the clerk to call the roll:*

Ayes: (6) Trustees Schaller, Muller, Mason, Reynders, Holzhauser, Lepore

Nays: (0)

Abstained: (0)

Absent: (0)

The Mayor did not vote.

The motion carried.

3. Motion to Approve an Ordinance Accepting and Approving a Plat of Dedication for Public Roadway Purposes.

Trustee Mason motioned to approve, Trustee Holzhauser second.

Discussion - none

*The Mayor asked the Clerk to call the Roll:*

Ayes: (6) Trustees Mason, Reynders, Lepore, Schaller, Muller, Holzhauser

Nays: (0)

Abstained: (0)

Absent: (0)

The Mayor did not vote.

The motion carried.

4. Motion to approve the Village's continued efforts and goal to reduce the Village's dependence on private utility companies and service agreements with sister jurisdictions, by authorizing the submission of a Fiscal Year 2026 congressionally directed funding request seeking: (1) \$3,000,000 in federal funding to support the construction of a one-mile sanitary sewer trunk line extension along W. 159th Street and Cedar Road; and (2) \$1,000,000 in federal funding to provide financial relief to the Village's senior citizen community burdened with high water bills.

Trustee Mason motioned to approve, second by Trustee Lepore.

Discussion -Trustee Lepore stated IAW serves about 6,000 households in Homer Glen.

The company has received multiple-rate increases over the years, adding financial pressure on residents. IAW is planning a merger with Essential Utilities (ICC Docket #25-1057) and recently filed another rate increase request. He states the rising costs of water and sewer services are a financial burden on village residents. Unlike commercial businesses, utilities are heavily regulated by the state, not the village. Homer Glen has very little control over water/sewer rates. The village is actively seeking solutions to address affordability and service concerns. They are pursuing congressional funding authorization as a strategy to reduce the village's dependency on public utilities. The goal is to provide meaningful relief for residents facing rapidly increasing bills.

Trustee Holzhauser mentioned that the project is \$5.5 million total, with \$3 million coming from a grant. The question raised is about how the remaining \$2.5 million will be covered or funded. Another question is regarding the \$1 million refund—specifically, how it will be distributed (e.g., based on usage or a percentage of a bill).

Village Engineer Westcott addressed the funding question first:

- The project plans are nearly complete (about 99%), so the engineering estimate should be accurate.
- The \$3 million reimbursement request should cover the sewer extension installation.

Essentially, the funding for the grant portion seems solid, and they're confident in the cost estimates. The only remaining point to clarify is how the \$1 million refund will be dispersed.

The Mayor asked Mr. Westcott to give an explanation on how the expansion will help the Village.

Mr. Westcott covers the key topics:

**Trunk Line Expansion:**

- The existing FITM trunk line currently runs from Gougar to Cedar Road.
- The proposed expansion will continue from Cedar Road south to 159th Street.
- This expansion allows the village to provide sanitary sewer service to currently undeveloped parcels east and west of that intersection.

**Flow and Treatment:**

- Wastewater from the new areas will initially be treated by the Lockport facility.
- Eventually, flows will be treated by the village's own future wastewater treatment plant, making Homer Glen independent of Illinois American Water.

**Benefits of Independence:**

- The village gains control over future development, rather than being limited by high rates or agreements with outside entities.
- This infrastructure positions the village to manage its own utility, which is unique in the area.

**Funding Strategy:**

- The project will leverage grants, low-interest loans, and federal funding.
- This reduces the financial burden on local taxpayers.

**Strategic Impact:**

- Enables growth and development in new areas without being stifled by external utility providers.
- Sets the stage for self-sufficiency and potential long-term cost savings

In short, this expansion is about controlling your own infrastructure, enabling development, and minimizing reliance on external utilities—all while seeking funding that lessens taxpayer impact.

Trustee Schaller's discussion centers on the village pursuing federal infrastructure funding to help offset costs for planned projects, particularly a sewer extension along 159th Street. This project addresses long-term public health, environmental concerns, and supports orderly

growth, while minimizing the burden on local taxpayers. Trustee Schaller emphasized the importance of pursuing outside grants to reduce costs for residents.

Trustee Reynders stated using consultants to secure federal funding is standard practice among municipalities and is necessary for success.

Attorney Pasquinelli mentioned the funding and sewer extension project helps reduce dependency on Illinois American Water. The Fiddymont Creek sewer line, built in 2021–2022, currently has limited use but is part of a long-term plan to expand wastewater services. The village plans to have its own wastewater treatment plant operational before the Lockport agreement expires in 2030, reducing reliance on external treatment. Extending Cedar Road off the trunk line will enable development and provide services to previously unserved areas. The village is taking well-planned, step-by-step actions to enhance services, support growth, and provide meaningful relief to residents, particularly seniors.

This discussion stresses prudent financial stewardship, long-term planning, and proactive infrastructure development, while highlighting the village board’s efforts to be transparent and accountable.

Mayor Neitzke-Troiike talked about grants. Grants = free money from state or federal levels that the town is actively pursuing to benefit residents. She stated that securing grants can cost some upfront money, but it ultimately returns more resources to the community. Efforts with Illinois American Water show the town is protecting current residents, while planning for future independence. Communication with residents is key, and questions are welcome through phone calls and emails. She stated there is an ongoing effort to unencumber future residents from IAW, meaning future residents will have more independence regarding water services. Current residents will not be left behind – efforts are ongoing to fight rate increases and other issues affecting them.

Trustee Lepore wanted to “add one final thought, Mayor. Our village has worked diligently to move this path project forward, and now I’m calling on all residents to put politics aside and come together. This initiative benefits everyone in our community, and by working collaboratively, we can ensure it succeeds. Let’s focus on this positive goal and make it a reality for the village.”

*The Mayor asked the Clerk to call the Roll:*

Ayes: (6) Trustees Holzhauser, Reynders, Schaller, Mason, Muller, Lepore

Nays: (0)

Abstained: (0)

Absent: (0)

The Mayor did not vote.

The motion carried.

5. Motion to approve an Ordinance Amending Chapter 69, Animals, of the Code of the Village of Homer Glen.

Trustee Mason motioned to approve, Trustee Reynders second.

Discussion – Trustee Mason stated this is just an update to a current code and change of wording.

Trustee Reynders stated that basically the village will be mirroring the state laws.

*The Mayor asked the Clerk to call the Roll to approve:*

Ayes: (6) Trustees Holzhauser, Reynders, Schaller, Mason, Muller, Lepore

Nays: (0)

Abstained: (0)

Absent: (0)

The Mayor did not vote.

The motion carried.

6. Motion for approval initiating the process for various text amendments to the Zoning Ordinance [Case HG-2604-A].

Trustee Holzhauser motioned to approve, Trustee Mason second.

Discussion – Trustee Holzhauser stated this is just housekeeping.

*The Mayor asked the Clerk to call the Roll to approve:*

Ayes: (6) Trustees Holzhauser, Reynders, Schaller, Mason, Muller, Lepore

Nays: (0)

Abstained: (0)

Absent: (0)

The Mayor did not vote.

The motion carried.

## **M. WORKSHOP – none**

## **N. OLD BUSINESS**

1. Follow up and required action regarding exploration of a Tax Increment Financing (TIF) District for the 159th Street Corridor.

Discussion - Village Manager stated that this was talked about briefly back in September. Director Patch had given a presentation regarding TIF districts and since that time she has been in contact with TIF attorneys and consultants.

Director Janie Patch mentioned that TIF experts, including an attorney and a consultant, could provide a briefing for the board. The purpose would be to educate board members about TIF districts – how they work, the process to create one, and when it's appropriate to use this tool. She stated it could be held during a "committee of the whole" session or a workshop in a regular board meeting.

Trustee Schaller emphasized wanting to proceed with creating the TIF district sooner rather than later to support commercial development, particularly on 159<sup>th</sup> Street. Trustee Schaller asked if

the Economic Development department needed a motion to move forward with this. Mayor Neitzke-Troiike stated that a consensus is not needed to move forward. Trustee Schaller stated that he specifically requested this be an action item. The Mayor stated that we can direct staff to go ahead and move forward with this. She asked to make the packet accessible online with explanations.

Discussion continues. The critical first step, is the completion of the comprehensive plan, but some preliminary TIF work might be done in parallel. Trustee Schaller would like to avoid unnecessary delays by trying to run some processes concurrently. He states the idea is to avoid pushing the project into 2027 just because the comp plan isn't finished. Trustee Schaller mentioned that in the September meeting, a consensus was reached on this topic. We are revisiting it in this meeting to confirm that same consensus. "I requested this review after listening to the YouTube recording of the prior meeting."

Mayor Neitzke-Troiike stated the goal is to achieve the same agreement as before. Please schedule a meeting on March 11th for him to attend. If March 11th falls on a board meeting, we will handle it as a Committee of the Whole.

2. Continued update regarding ALPR Agreement and discussions with Will County State's Attorney Office on (MOU).

Discussion – Village Attorney Pasquinelli gave an update.

#### **ALPR Data Retention Policy**

- Current village policy: Strict 7-day retention period for all ALPR data.
- Purpose: Protect residents' privacy and address "Big Brother" concerns.
- Implication: Any incidents occurring beyond 7 days cannot be investigated using this data— data is permanently deleted.

#### **Role of the MOU**

- Why needed: Village officers cannot directly control contract or sheriff's officers, so the MOU serves as the enforceable mechanism.
- Content: Binds the Sheriff's Office personnel to the village's data retention and operational policies.
- Flexibility: MOUs can be amended more easily than an intergovernmental agreement (IGA), which would require full Will County Board approval.

Trustee Mason is worried that 7 days may be too short if a crime is discovered later, e.g., 15 days after a burglary or other incident. He stated other jurisdictions commonly retain ALPR data for 30–90 days, which allows a longer window for investigations.

Trustee Schaller stated "the 7-day period is considered a "sweet spot" for balancing privacy concerns with public safety. There is flexibility to amend the MOU later if data retention proves too restrictive and law enforcement identifies gaps.

Attorney Pasquinelli explained the Sheriff's Office autonomy: The Sheriff's Office, although county-funded, is a standalone unit with authority to sign and amend MOUs. Amending the MOU: Easier than changing an intergovernmental agreement, enabling relatively quick adjustments if necessary.

- The village prioritizes privacy but acknowledges potential law enforcement limitations.

- Village and Sheriff's Office can review the retention policy if it negatively impacts crime-solving.
- The 7-day retention is the current policy, but there is a path to amend it if real-world needs demand longer retention.

## O. NEW BUSINESS

Mayor Neitzke-Troiike asked that appointments for the Environment Committee, Community Development Committee and Ability Awareness Committee be placed on the next agenda.

## P. EXECUTIVE SESSION

Trustee Mason motioned to enter executive session, second by Trustee Reynders.

1. Discussion Regarding Personnel
2. Discussion Regarding Pending and Ongoing Litigation
3. Discussion Regarding Public Utilities.
4. Executive Session Minutes

*Voice Vote:*

Ayes: (6) Trustees Mason, Schaller, Lepore, Muller, Reynders, Holzhauser

Nays: (0)

Abstained: (0)

Absent: (0)

The Mayor did not vote.

*The motion carried.*

## Q. ADJOURNMENT

Trustee Reynders motioned to adjourn, second by Trustee Mason.

*Voice Vote:*

Ayes: (6) Trustees Mason, Schaller, Lepore, Muller, Reynders, Holzhauser

Nays: (0)

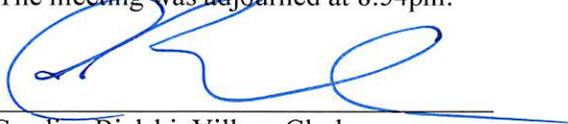

Abstained: (0)

Absent: (0)

The Mayor did not vote.

*The motion carried.*

The meeting was adjourned at 8:54pm.

Candice Bielski, Village Clerk

*Approved at the Board of Trustees Meeting dated February 25, 2026*
