

# Enbridge pipeline maintenance is underway in your area.

**BEGINNING  
THE WEEK OF  
NOV 7**

Maintenance activities will take place in two locations in Homer Glen in mid-November including off of South Pinegrove Drive between Oakwood Drive and West Mulraney Drive; and along Heroes Trail near South Parker Road. Please watch for increased traffic.

As part of our ongoing maintenance program, crews will be working on our pipeline system in your area for a couple weeks beginning the week of November 7.

Please watch for posted signs and use caution when driving near areas of pipeline maintenance. Our first priority is to protect communities along our pipeline route and our employees and contractors. We appreciate your patience during pipeline maintenance activities and apologize for any inconveniences.

**Thank you. Your safety is important to us.**
