

# Public Notice – Northern Border Pipeline Company performing mitigation work beginning July 5

Starting on July 5, residents of Homer Glen may notice work crews from Northern Border Pipeline Company working west of Bell Road between West 159th Street and West 143rd Street on the Commonwealth Edison utility corridor. Residents may observe equipment and activities related to the planned maintenance work.

There is no harm to the public and the pipeline continues to operate safely. Northern Border estimates the job will be completed by early 2018.

## Proposed Work Area

These maintenance activities will take place near the areas indicated by circles on the attached map. Please exercise caution when traveling through those areas during active work periods. Our first priority is your safety and the safety of our employees.

If you have questions or concerns, please contact call our community relations representative at **281.380.6000**.
