

## WE'RE INVESTING IN YOUR NEIGHBORHOOD

### BE SAFE. KEEP TRAFFIC FLOWING.

Your safety, as well as the safety of your neighbors and our workers, is important to us! We work hard to keep our job sites safe, and we appreciate your effort to slow down and use caution around the construction site.

Our crews will work as quickly as possible to shorten the length of temporary inconveniences. We appreciate your patience and understanding during this project.

### WE'RE REPLACING AGING INFRASTRUCTURE IN YOUR NEIGHBORHOOD.

An engineering study, performed by Illinois American Water, determined that reducing the number of water reclamation facilities (WRF) in Homer Glen would likewise reduce operating costs. The Derby Meadows WRF will be converted to a pumping station with wastewater treatment being regionalized at the Chickasaw Hills WRF site.

#### ABOUT THE PROJECT

|                         |  |
|-------------------------|--|
| <b>What:</b>            | Major reconstruction of Illinois American Water's Chickasaw Hills WRF.   |
| <b>Where:</b>           | The Chickasaw WRF site on Parker Road and Seminole Trail in Homer Glen.  |
