20180805	8/3/2018	We are researching the issue of mental health crisis training in law enforcement departments across the Chicago area and northwest Indiana. We are hoping that you can reply to the following survey, which we are sending to all Chicago-area police and sheriff's departments: 1. Do any of your police officers receive in-depth mental health crisis training beyond what is learned at the academy and required by Illinois law, as of January of 2018? 2. If so, how much of this training do your officers receive, and how often? 3. How many of your officers have received this training? 4. Is the training mandatory? Or voluntary? 5. Do you have police officers who have completed 40-hour Crisis Intervention Team training? 6. Do you have a dedicated Crisis Intervention Team that can be called upon to assist other police officers?
