20181020	10/29/2018	Per FOIA Response for FOIA #20181018 1) Why was the building department insistent that everything happening at this property was covered by a special use permit, which we now know is nonexistent? 2) What are the ordinances that pertain to traffic/heavy machinery/noise on their private road (borders our shared property line) and overall property? 3) What are the ordinances regarding storing of materials outside? Please see attached photo. 4) What are the ordinances regarding these concrete enclosures and numerous trees planted near our shared property line? Please see attached photo. 5) Per the information sent, I noticed no permit was needed to make the gigantic addition to the barn. Does this mean there are no limitations as to future expansion? 6) Per the signed affidavit, the owner marked no electrical improvements. This contradicts information supplied recently by the building department. We were told specifically that the property owner was completing electrical work with a subcontractor of Com Ed. Please clarify.	Heather McGuire		140	\$116.60	0
				TOTAL	560	\$357.65	\$0.00
