20230505	5/15/2023	In addition to questions and concerns residents have about Will County's transportation plan (WC 1) and recent work of surveying, soil boring and tree tagging, residents have been exposed to lots of truck traffic this past week on Parker Rd. and Chicago Bloomington Trail, etc. (week of May 7). Will trucks continue to roll? The rush of truck traffic on local roads includes dump trucks and at least one tanker truck. Residents in that area have taken photos which will be forward to you. Please check your messages. Please verify whether the trucks are going to or from 17525 S. Parker Rd., where the Loboz & Associates, Inc. company is located. According to the internet at "Transportation Breakdown", Loboz & Associates, Inc. is a trucking Company in Homer Glen, IL. Their DOT Number is 3215622. Was this trucking company an approved business on Parker Rd. in Homer Glen? Is the property zoned R-2 residential? Does an R-2 zoning require that the use must be only residential? Can a trucking company be allowed to do business on R-2 zoning? Homer Glen may have information about past violations, perhaps starting five years ago. Please verify: Was the building erected on this property built without a permit and located without any setbacks; There has been dumping on the adjacent property to the north; has dumping continued? Has the earth work on this property caused flooding across the ComEd easement to flood properties in the Crystal Creek Estates to the east. Has this been corrected? Is the water draining to easements? Has a wetland been created between two easements? Has a swampy area been created? Has a wet area or wetland been filled in or in the process of being covered up? What damage has been done to the watershed? Has work been done in the area of 3 petroleum pipelines? Was the recent hauling of truck-loads of dirt, gravel, etc. in a residential area brought to the site or being removed from the site? Was the tanker truck delivering to this site?	Margaret Sabo		80	\$80.40
